When you hear people on TV are talking about a happily married couple, usually it's about who is separating or who is having an affair. I'd like to challenge the everyday housewife to step it up! If hubby wants his wife to be more amorous, then he has to step it up! Why look elsewhere when she is right in front of you? I want my book to be about real married couples and everyday life with all the hassles. My characters are devoted to their families. Their love life is a partnership! There are men and women out there that will be faithful and true! Don't settle for less than the best! I am promoting sex. Yes, within the family! It is the best! First published

in 1981, this book has long been recognized as the 'bible of Scalextric', providing a complete catalogue of the cars and equipment produced. Now, for this seventh edition, the book has undergone a transformation, with a complete redesign and masses of new information about cars, sets and accessories produced around the world. As well as extra detail about earlier periods, there is full coverage of all the new Scalextric products launched in the four years that have elapsed since the previous edition. Now containing nearly 1,000 photographs, this book has become an extraordinarily detailed summary of everything in the world of Scalextric, written by an author who has been captivated by the subject for nearly 50 years. Volume I: The Twin Cam is the updated first volume of Petersen's long-awaited Donny's Unauthorized Technical Guide to Harley-Davidson, 1936 to Present series. This twelve-volume series by the dean of motorcycle technology examines the theory, design, and

practical aspects of all things Harley-Davidson. American Motorcyclist magazine, the official journal of the American Motorcyclist Association, tells the stories of the people who make motorcycling the sport that it is. It's available monthly to AMA members. Become a part of the largest, most diverse and most enthusiastic group of riders in the country by visiting our website or calling 800-AMA-JOIN. In Swim Speed Secrets, 4-time Olympian, gold medalist, and triathlon world champion Sheila Taormina reveals the swim technique used by the world's fastest swimmers. Over the course of 4 Olympic Games and throughout her career as a world champion triathlete, Taormina refined her exceptional technique as a student of the sport, studying the world's best swimmers using underwater photographs and video analysis. From Johnny Weissmuller to Michael Phelps, the world's fastest swimmers share two common elements: high stroke rate and a high-elbow underwater pull. Many swimmers and triathletes

neglect the underwater pull, distracted by stroke count or perfecting less critical details like body position, streamlining, and roll. Swim Speed Secrets focuses on producing power—the most crucial element of swimming—to help triathletes and swimmers overhaul their swim stroke and find the speed that's been eluding them. With a commonsense approach that comes from decades of practice and years of hands-on coaching experience, Taormina shows swimmers how to transition to faster swimming. Swim Speed Secrets includes: The best drills to cultivate a more sensitive feel for the water Dryland and strength building exercises to develop arm position and upper body musculature Crisp photos of Olympic swimmers and variations in their high-elbow underwater pull Clear descriptions of the key moments of the underwater pull Tips that helped her perform at a world-class level for two decades Sheila Taormina's Swim Speed Secrets brings the focus back where it belongs—to a powerful

underwater stroke. With this approach, triathletes and swimmers can stop swimming for survival and break through to new levels of speed and confidence in the water. Riding motorcycles is fun, but author Ken Condon maintains that there is a state of consciousness to be achieved beyond the simple pleasure of riding down the road. Riding in the Zone helps riders find that state of being. It's the experience of being physically and mentally present in the moment, where every sense is sharply attuned to the ride. Your mind becomes silent to the chatter of daily life, and everyday problems seem to dissolve. You feel a deeper appreciation for life. Your body responds to this state of being with precise, fluid movements, you feel in balance, your muscles are relaxed, and it seems as though every input you make is an expression of mastery. This is "the Zone." Condon identifies all of the factors that affect entering the Zone and addresses each one individually, from the development of awareness and mental skills to

mastering physical control of the motorcycle. At the end of each chapter are drills designed to transform the book's ideas into solid, practical riding skills. Riding in the Zone takes riders to the next level in their skill set. Schöner Schlamassel, in das der 'Doktor' da wieder reingerasselt ist. Privatdetektiv Daniel Richter, alias der 'Doktor', ist ja einiges gewöhnt. Aber das verschlägt selbst dem coolen Ex-LKAler die Sprache. Tatort: Singapur Freeport, ein Supersafe für Superreiche. Mitten in der riesigen

Schatzkammer ein Toter, dem man einen halben Meter langen Holzpfehl in den Hintern gerammt hatte. Kein schöner Anblick. Die Ouvertüre eines Falles, der Richter um den ganzen Globus treibt. Auftraggeber ist der Münchener Werbeguru Jacob Folgmann. Ein schmieriger, geldgieriger, völlig skrupelloser Gangster, der mit Kunstfälschungen handelt. Die in Singapur beginnende Spurensuche führt über London nach Zürich und zurück nach München. Richter trifft auf Londoner Aristokraten mit exzellenten Mafia-Connections, einen ermordeten Kunstprofessor aus Zürich und die bulgarische Mafia, die überall ihre blutige Fährte hinterlässt. Ein gefährliches Spiel, auf das sich der 'Doktor' da einlässt. Und alles führt zu Jacob Folgmann ...

FREEPORT ist der vierte Band aus der Reihe "münchenMAFIAMord" um den gerechtigkeitsliebenden Privatermittler Daniel Richter. When Richard Rumelt's Good Strategy/Bad Strategy was published in 2011, it immediately struck a chord, calling out as bad

strategy the mish-mash of pop culture, motivational slogans and business buzz speak so often and misleadingly masquerading as the real thing. Since then, his original and pragmatic ideas have won fans around the world and continue to help readers to recognise and avoid the elements of bad strategy and adopt good, action-oriented strategies that honestly acknowledge the challenges being faced and offer straightforward approaches to overcoming them. Strategy should not be equated with ambition, leadership, vision or planning; rather, it is coherent action backed by an argument. For Rumelt, the heart of good strategy is insight into the hidden power in any situation, and into an appropriate response - whether launching a new product, fighting a war or putting a man on the moon. Drawing on examples of the good and the bad from across all sectors and all ages, he shows how this insight can be cultivated with a wide variety of tools that lead to better thinking and better strategy, strategy that cuts through

the hype and gets results. Bicycling magazine features bikes, bike gear, equipment reviews, training plans, bike maintenance how tos, and more, for cyclists of all levels. He was a younger brother and a daredevil until life took a turn neither he nor his brother saw coming. Brought up under an abusive father, they had to take matters into their own hands. Turned away by the one place they thought would protect them, life took a route neither saw coming. It left them damaged, scarred, and constantly on guard. She'd put up with his abuse long enough. One desperate weekend, she saw her chance and fled with her children. Safe at last, she didn't expect events to happen as they did. Instead of being cast adrift, she was pulled into a new family that showed her the true meaning of love and loyalty. No longer alone but always alert to danger, she'd learned a harsh lesson from life. Two wounded souls come together, each seeking their own version of healing. There're problems, age gaps, children, the past haunting them and a

vicious woman out to ruin everything. Rage shows their growth and support when one of their prospects is threatened. But this time, the culprit isn't dealing with the brothers. The old ladies are on the warpath. Can a damaged young man and a woman, whose focus is her children, find one another, heal each other and commit to a future? A Rage prospect goes all out to claim his woman. Revised and updated in 2020 The creator of Twiniversity delivers an essential update to her must-have manual to having twins, now with expanded info on twin pregnancy and tandem breastfeeding, and advice on the best gear to help save your sanity. With almost two times as many sets of twins today as there were forty years ago, What to Do When You're Having Two has quickly become the definitive resource for expectant and new parents of multiples. A mom of fraternal twins and a world-renowned expert on parenting multiples, author Natalie Diaz launched Twiniversity, the world's leading global resource for twin parenting information

and support online. Now, with her expanded edition of *What to Do*, she includes new information on breastfeeding, gear, sleep, and having two when you already have one, as well as:

- creating your twin birth plan,
- maintaining a realistic sleep schedule,
- managing tandem breastfeeding,
- stocking up on what you'll need (and knowing what high-tech products are now available and what's a waste of money), and
- building a special bond with each of your twins.

Accessible, informative, and humorous, *What to Do When You're Having Two* is the must-have manual for every parent of twins. **SHORTLISTED FOR THE TELEGRAPH SPORTS HEALTH & FITNESS BOOK OF THE YEAR AWARD 2019 RUNNING AWARDS 2019 - TOP BOOK** *Dare to Tri* is the amazing story of TV presenter Louise Minchin's journey from the BBC Breakfast sofa to representing Great Britain at the World Triathlon Championships. This is a warmly written and wonderfully honest adventure-through-sport that will both entertain and

inspire. 'I didn't even know what a triathlon was before 2012... When I took up the sport three years ago I didn't imagine for a second then, that, one day, I would be able to represent my country internationally.' Louise Minchin What started out as a fun television cycling stunt culminated in BBC Breakfast's Louise Minchin wearing the colours of Great Britain at the World Triathlon Championships in her age group. This is the story of how a newly discovered sport became a passion - and then an obsession. *Dare to Tri* is Louise's candid memoir of her incredible journey, recounting her rediscovery of competitive sport after nearly 30 years and her first tentative steps as a triathlete. In a story encompassing equal measures of determination and self-doubt, Louise has to overcome personal nerves, a brutal training regime, the odd bike crash and the occasional drama. Her adventure as she strives to represent Great Britain in triathlon is an inspiration for sporting late-starters everywhere. In this fast-paced, super-

charged new thriller series from real-life Black Ops veteran Leo J. Maloney, Alex Morgan, daughter of legendary operative Dan Morgan, comes into her own as an agent to be reckoned with . . . **HARD TARGET** With reports of an imminent terrorist attack in Chicago during a speech by the Vice President, Zeta Division is on high alert. Working with the F.B.I. and the Secret Service, headquarters sends Alex Morgan to lead a tactical team. But when they barely escape the explosion of a large bomb, the danger only amps up, along with the death toll. Now a primary suspect, Alex gets a simple message from Zeta: RUN. It's just the beginning of a harrowing cross country journey in which Alex will race to stop an attack on the largest uranium storage facility in the U.S., even as she's chased by both police and terrorists. While Zeta and Dan Morgan himself work frantically to gather reinforcements, Alex finds help from unlikely sources—one much closer home and with far more complex, and personal motives

than she can imagine. But only one thing is clear: this is a fight Alex can't win alone. Praise for Leo J.
