"The daughter of a once-powerful and wealthy shazdeh, or prince, Sattareh was raised in the 1920s and '30s in a Persian harem compound in Tehran with numerous mothers, more than thirty brothers and

sisters, and nearly a thousand servants. Here, the despotic, but enlightened Shazdeh educated his daughters as well as his sons, preparing them for the political turmoil he feared would arise when he was gone. As a young woman, Sattareh broke with stern Moslem tradition to journey alone across Iran, India, and the Pacific in wartime to reach America, where she became the first Persian to study at the University of Southern California, and earned an advanced degree in social work. Fired by a vision of lifting her people out of backwardness and poverty, she returned to Iran and founded the Tehran School of Social Work. For twenty years, Sattareh, her students, and her graduates waged a heroic war on poverty, disease, and overcrowding that made her famous. Then, soon after the collapse of the Shah's regime, she found herself at Ayatollah Khomeini's headquarters, arrested as a "counter-revolutionary" and facing possible execution. This remarkable recounting of her compelling story and final flight from her homeland opens a dramatic window on Iran's journey through the twentieth century." --cover, 1st ed. hbk. The purpose of this book is to help you spend less time memorizing all the details you will need to do well on the CCS (Computer-based Case Simulations) questions in your exam. This exam requires significant time, energy and concentration, and the mnemonics provided in this book will allow you to remember all the steps for managing a patient's care in an emergency room, inpatient or office setting so that

you can answer questions quickly and accurately- saving your precious time and energy by helping you better manage the examination experience. Efficiency is key to a successful examination experience, so familiarity with the USMLE CD software will be crucial. Know the normal values and their cut-off points for the most widely used lab tests and don't type everything out in the ordering window. Inputting the first 3 to 5 letters will bring up matching terms for you to select. You can also use abbreviations, like TSH and CXR instead of thyroid stimulating hormones and chest X-ray as another way to save time when answering questions. There may be a few cases on the exam that you have never encountered, but don't panic; just follow the steps and manage the patient in the appropriate setting (the office or emergency room)-ordering labs, imaging and meds as you go. If you handle the patients appropriately you will be fine, even if your final diagnosis is not correct or it seems that the patient's condition deteriorates. The CCS portion of the exam is more about memorization than being a good doctor. Memorization of the steps you must follow to treat each patient in each case is of primary importance. The methods I have described in this book will help you master these steps so that you can execute them efficiently and, paired with diligent practice using the software provided by the USMLE, will contribute greatly to your success on the CCS questions. Jallianwala Bagh massacre, the butchering of unarmed innocents, is a historic event that haunts the human mind even after the lapse of a century. 1650 rounds fired in a matter of ten minutes, the blocking of exits, preventing help reaching the injured are all acts of unmitigated bestiality. Through a selection of prose and poetry - The direct outcome of this horrific event and an introduction that traces the history of events leading to the massacre -

Rakhshanda Jalil, a literary historian and translator from Urdu and Hindi, attempts to open a window into the world of possibilities that literature offers to reflect, interpret and analyse events of momentous historical import. The selection offers ways of 'seeing' history, of exploring how an incident that stirred the conscience of millions, one that had far-reaching implications for the National freedom struggle and British rule, found its way through pen and Paper to reach the nooks and crannies of popular imagination filtered through the mind of the creative writer. The stalwarts and acknowledged doyens of Indian

literature featured in this volume include Saadat Hasan Manto, Mulk Raj Anand, Krishna Chander, Abdullah Hussein, Bhisham Sahni, Ghulam Abbas, subadhra Kumari Chauhan, Sarojini Naidu, sohan Singh Misha, Muhammad Iqbal, Josh malihabadi, Nanak Singh, to name a few. A collection that can pave the way for further research. This textbook is an ideal companion to a business law course for the non-lawyer. The Institute of Pacific Relations was a pioneering intellectual-political organization that shaped public knowledge and both elite and popular discourse throughout the Asia-Pacific region and beyond during the inter-war years. Inspired by Wilsonian internationalism after the 1919 formation of the League of Nations, it grew to become an international and national non-governmental think-tank providing expertise on Asia and the Pacific. This book investigates post-League Wilsonian internationalism with respect to two critical issues: the nation state and the conception of the Asia-Pacific region; both issues broach a range of contentious subjects including colonialism, orientalism, racism and war. Akami's study of the Institute of Pacific Relations offers insight into the formation of the dominant ideologies and institutions of regional and international politics in the Pacific during the inter-war years, and provides an interesting perspective on Japan's relations with countries including the USA and Australia. New essays demonstrate Gower's mastery of the three languages of medieval England, and provide a thorough exploration of the voices he used and the discourses in which he participated. "Ava Gallanter is the librarian in residence at the Lazarus Club, an ancient, dwindling Manhattan arts club full of eccentric geriatric residents stuck in a long-gone era. Twenty-five-year-old Ava, however, feels right at

home. She leads a quiet life, surrounded by her beloved books and sequestered away from her peers. When Ava's enigmatic friend Stephanie returns after an unplanned year abroad, the intoxicating opportunist vows to rescue Ava from a life of obscurity. Stephanie, on the hunt for fame and fortune, promises to make Ava's dream of becoming a writer come true, and together they start a Victorian-inspired literary salon at the Lazarus Club. However, Ava's romanticized idea of the salon quickly erodes as Stephanie's ambitions take the women in an unexpected--and precarious--direction. In this humorous yet keenly observant coming-of-age story, Cohen brings us into a boisterous literary world bathed in hubris and ambition. With eloquent prose and affecting storytelling, *The Little Clan* is both a wickedly fun yet sharply insightful look at friendship, feminism and finding yourself in your twenties"--Jacket. "In 1970, the small nation of Cambodia was sucked into the vortex of Cold War geopolitics, a war whose denouement led to one of the worst bloodbaths in history. *Road to the Killing Fields* is the first book to deal exclusively with the military aspects of how that tragedy developed. Because U.S. involvement in that part of Southeast Asia was largely clandestine, Americans have had little exposure to the events that led to the horrific citizen massacres known as the "killing fields."-- An enchanting--and twisted--tale of two sisters' quest to find their parents When their parents disappear in the middle of the

night, young sisters Summer and Bird set off on a quest to find them. A cryptic picture message from their mother leads them to a familiar gate in the woods, but comfortable sights quickly give way to a new world entirely--Down--one inhabited by talking birds and the evil Puppeteer queen. Summer and Bird are quickly separated, and their divided hearts lead them each in a very different direction in the quest to find their parents, vanquish the Puppeteer, lead the birds back to their Green Home, and discover the identity of the true bird queen. With breathtaking language and deliciously inventive details, Katherine Catmull has created a world unlike any other, skillfully blurring the lines between magic and reality and bringing to life a completely authentic cast of characters and creatures. This evidence-based text relates clinical chiropractic management to pediatrics, with coverage of the key aspects of syndromes most commonly seen by chiropractors working with children. Endless tiny stitches, button holes, darts. Since she was tiny, she's worked in her family's dressmaking business, where the

*sewing machine is a cranky member of the family. When 13-year-old Dina leaves her small town in Germany to join her uncle's family in Brooklyn, she turns her back on sewing. Never again! But looking for a job leads her right back to the sewing machine. Why did she ever leave home? Here she is, still with a needle and thread—and homesick to boot. She didn't know she could be this homesick, but she didn't know she could be so brave either, as she is standing up to an epidemic or a fire. She didn't know she could grow so close to her new family or to Johann, the young man from the tailor's shop. And she didn't know that sewing would reveal her own wonderful talent—and her future. In *Dina*, the beloved writer Patricia Reilly Giff has created one of her most engaging and vital heroines. Readers will enjoy seeing 1870s Brooklyn through Dina's eyes, and share her excitement as she discovers a new world. Two nights before Christmas, the city of New Stockford is so paralyzed by a blizzard that folks can't leave the downtown area to get home. Freezing from the icy wetness, eight strangers take shelter in the only building that is open—an old chapel on DeLancey Street. Although the chapel has been closed for two years, now Old Ben, the caretaker, opens it so that stranded people might find warmth and peace in what was once an inspirational setting on a historic, now rundown street. Once settled in, the tired and discouraged people are forced to face their lost lives. While each character is unique, their problems are universal—frustration, heartbreak,*

bitterness, reluctance, indifference, unemployment, vengefulness and corruption. Amid the chapel's stained glass windows depicting Christ's life, a nativity set, and the tall cross at the altar—plus programmed Christmas hymns from the old organ, glowing oak-paneled walls, and comfortable if well-worn pews, God shocks them by silently speaking to their hearts, minds, and souls. When they leave, all but one will have found and become committed to a life changing Christmas miracle. And for that one unchanged soul, there promises constant battles between good and evil. In Still Life in Milford, Lynch casts the cold eye we are told to on life and death, history and memory, the local and the larger geographics. Examining the dynamics of faith, remembrance, and intimate conduct, these poems are informed by end times, tribulations and visions that make up the ordinary enterprise of daily life. Colloquy and narrative, soliloquy and tribute, Still Life in Milford engages the full register of the poet's voices as elegist, eulogist, obituarist, straight man and passer-by to achieve a difficult and inimitable harmony. Secret Agent Mark Kirkland has been given the task of locating and retrieving three pornographic films. His mission must remain top secret as the films, rather embarrassingly, feature the daughter of the future president of the United States. His quest leads him to the depths of Bavaria, where he finds Soviet agent Malik and sidekick Lu Silk also rather interested in the whereabouts of the films. Who will find them first?

And, once found, who's to say they won't immediately disappear again? The thriller maestro of the generation" Manchester Evening News Winner of the 2002 Somerset Maugham Award Damien March is a disconsolate journalist working the nightshift at the BBC in London. He hasn't thought of his eccentric uncle for 20 years and so is shocked when he learns that he has inherited his uncle's ramshackle house on an isolated island off the coast of Cape Cod. Without a relationship compelling enough to keep him in his humdrum life, Damien decides to take off to the Cape. But his new future means confronting his family's past. And when he discovers a fragment of an unpublished mystery novel, the parallels with his uncle's life quickly become disconcerting and sinister... "Powerful and poetic." —John David Anderson, author of Posted and Ms. Bixby's Last Day

Elise carries a notebook full of tallies, each page marking a day spent at her new public school, each stroke of her pencil marking a word spoken. A word that can't be taken back. Five tally marks isn't so bad. Two is pretty good. But zero? Zero is perfect. Zero means no wrong answers called out in class, no secrets accidentally spilled, no conversations to agonize over at night when sleep is far away. But now months have passed, and Elise isn't sure she could speak even if she wanted to—not to keep her only friend, Mel, from drifting further away—or to ask if anyone else has seen her English teacher's stuffed raven come to life. Then, the discovery of a shocking

family secret helps Elise realize that her silence might just be the key to unlocking everything she's ever hoped for... Praise for *After Zero*: "This tender and truthful book stays with you long after the words have gone." —Patricia Forde, author of *The List* "A must read. *After Zero* reminds us of so many loved ones of those suffering from anxiety or depressive disorders. It is a story that will hopefully foster empathy and maybe even communication with our 'quiet' peers." —Wesley King, author of *OCDaniel* What would happen if a *Tyrannosaurus Rex* and a *Velociraptor* had a fight? Who do you think would win? This nonfiction reader compares and contrasts the two species. Students will learn about the animals' anatomies, behaviors, and more. Includes charts, illustrations, and fascinating facts. *Chorus in the Dark* invites attention to the treaty negotiated by the voices of *Lamentations*. The issues of God's justice and human rights are at the centre of a forceful discussion embodied in the five poems of *Lamentations*. Difficult questions are subtly raised: How can God's justice be recognized and honoured in the midst of suffering? How can the human right to protest against mistreatment be respected? How can loss, grief, and shame be overcome? What future is there for the victims? How can these sensitive issues be negotiated without loss? *Zion* is the first major speaker in *Lamentations*. *Zion* projects the voice of a woman crying by the grave. Her pain is intense, her loss is vast, her anger is uncontrollable. *Zion* is unable to see

any future. God is indeed just in destroying her, but her surviving children do not deserve her fate. The other major speaker is the man of Lamentations 3. He too speaks of the pain, grief, anger, and desire for vengeance of a victim bent under the yoke of affliction. Yet, like a Davidic king, he dares to claim covenant promises and hope that darkness will eventually turn to light. Through both harmony and discord, and with a profound ambivalence toward the future, the separate voices of Lamentations resonate in a timbre that transcends the sum of its parts. The five poems, while having unique value individually, are meant to be read together as a living documentation of a moment of suspension, a great turning point in the history of Israel.

Nine classic albums that redefined the rock/classical interface. The leading expert in the field brings the power of his experience and that of the world-renowned consulting firm Booz-Allen & Hamilton to reveal how buying smart can mean the difference between success and failure. This book, by one of the most prominent interpreters of Leo Strauss's thought, was the first to address the problem that Leo Strauss himself said was the theme of his studies: the theologico-political problem or the confrontation with the theological and the political alternative to

philosophy as a way of life. In his theologico-political treatise, which comprises four parts and an appendix, Heinrich Meier clarifies the distinction between political theology and political philosophy and reappraises the unifying center of Strauss's philosophical enterprise. The book is the culmination of Meier's work on the theologico-political problem. It will interest anyone who seeks to understand both the problem caused by revelation for philosophy and the challenge posed by political-religious radicalism. The appendix makes available for the first time two lectures by Strauss that are immediately relevant to the subject of this book and that will open the way for future research and debate on the legacy of Strauss.
